How to get the most out of this report

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

UNDERSTANDING THE REPORT STRUCTURE

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card(s), and Decanate Ruling Card. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Ruling Cards do not have Environment and Displacement Cards each year. These are the A♠, 2♥, 9♥, J♥, 8♠, 7♦ and K♠. If one of your personal signifiers is one of these cards, there will not be a page about these in those sections.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

YOUR SIGNIFIATORS

Your birthday associates you with one of the 52 playing cards. That card, called the Birth Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important are our Planetary Ruling Card(s) and Decanate Ruling Card. Both are derived from our Sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology.

HOW TO LOOK UP PEOPLE YOU KNOW FOR THIS YEAR

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Ruling Cards. The Planetary and Decanate Ruling Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. The Planetary Ruling Card can be found in the Love Cards book. As the person you got this report for for the Decanate Ruling Cards, which are a bit more complex to determine. And keep in mind that some people have neither of these.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling and Decanate Ruler of each person, if you know them. These additional personal significators will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships Lookup Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.)

The Relationships LookUp Table on the next page will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal significators shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3♥ female and you happen to have that card in your Mars Period along with a 5♦. This 3♥ is one of your friend's personal significators and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5♦ suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3♥ friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

SOME TIPS FOR GETTING MORE FROM THIS REPORT

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.

How to get the most out of this report

5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of The Cards of Your Destiny by Robert Lee Camp, available from Amazon.com and 7thunders.com. His other book, Love Cards, is also highly recommended, and also available.

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.

Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you, if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

All About Joseph Biden

The King of Hearts Person

The Father Card

Standing at the top of the suit of love, the King of Hearts recognizes that love is the highest power of all. These people make devoted parents, but not always the best spouses. Their devotion to their children and profession often displaces the love they would give their spouse. They do love everyone, forever, its true, but sometimes the wrong associations bring problems. They should be careful of mixing with people with lower motives and lifestyles in this regard.

These people can be overbearing, as all Kings can, but this is only the case when they have been betrayed by those they hold closest to their hearts. From past lives, they bring with them the knowledge of mastery of their emotions and of their family life. Consider yourself blessed if they consider you to be one of their 'family'.

The King of Hearts can excel in business, especially as a dealer or advisor in the finances of others. They have more success in association with others or in partnerships than alone. They have better than average luck in legal matters as well. It is not wise to argue with them. Their keen minds can always find a suitable response.

There are inevitable losses of loved ones in their lives but they know the truth and can let go though they still feel the pain. Many of them are mentally gifted and sometimes psychic. Much knowledge just flows to them and they use this to rise up to the top in their careers.

Some of the King of Hearts Issues Concerning Relationships

Many say that the King of Hearts makes a great lover and father but a lousy husband. As in all the Kings, the power can be used or abused. They are the 'Kings of Charm'. So, we find as many 'playboys' among them as in the case of the Eight of Hearts. The women have a problem in that they are so powerful and headstrong. They can usually stand up to any man and they would like to be the head of their household. This can be difficult for a male partner to deal with. When the female King of Hearts is upset, she can be very sharp tongued and all her mental power will be turned against you.

Their pattern indicates that there will be some fated relationships that occur to reflect back to them their own indecisive nature and the consequences of it.

All About Joseph's Other Ruling Cards

The card(s) listed below are other ruling cards for the person in this report. They are just like the Birth Card and show a different side to this person's personality and karmic expression. In truth, they are just as important as the Birth Card and some individuals express themselves more through one of these cards than their Birth Cards at times. Thus a close study of these cards would be appropriate to having a more complete understanding of this person. Brief descriptions are given here, but just keep in mind that the total person is a combination of all of these cards and that each of them, along with the Birth Card, finds its expression in them.

Joseph's
Planetary Ruling
Card

Four of Spades as Your Planetary Ruler

This ruling card makes you more security-oriented and encourages you to create a solid foundation in your life. It gives you good organizational skills and a logical mind that can keep your life peaceful. You tend towards family and home matters, making them extra important in your life. You are a hard worker and actually enjoy working, which also brings you peace. But keep in mind that others may not see value in the same things as you. They may think you are fairly stubborn and unwilling to see things from their point of view. You like to build a life on a firm foundation, one block at a time. You have fears about money that seem to come out of nowhere. You also tend to attract friends with money.

Josephs Second
Planetary Ruling
Card

Four of Clubs as Your Planetary Ruler

This ruling card gives you a logical and fixed mind capable of learning things and becoming grounded in that knowledge. You will be 'good' at what you do, regardless of what that job or occupation is. You also have a good deal of promotional ability and get progressive ideas that can benefit your chosen line of work. An inner restlessness will cause some challenges for you. You may never feel satisfied with what you are doing, who you are with, where you are living, or otherwise. Travel heals your soul and brings fresh experiences that lighten your disposition. You benefit from staying with one thing for a long time and developing it to its fullest potential.

The Life Spread Card governing your current 13-Year Period

Your Current 13-Year Period began on: 11/20/2020

And ends on: 11/20/2033

Your Thirteen-Year Six of Diamonds Period

This period of your life is going to most be a peaceful one, devoid of many changes. The Six of Diamonds is a money card and finances could be a major factor as well. In this case, there could be an inheritance or money that comes through marriage. It could come through other avenues as well but it is usually money that you do not earn yourself. By the same token, this card could mean 'no change' financially speaking and indeed many people find that their life is in sort of a rut during this long Six period.

There is a call during this period to turn within and listen to the voice of our higher self. Every Six can lead us to a higher path in our life. During this period you may realize that you have a special purpose in your life, one that involves finances and the redistribution of wealth, in order to serve others.

The underlying Nine of Clubs could indicate some disappointments during this period. Expectations, plans, ideals and dreams could be shattered by events and circumstances. But this same card gives a spiritual blessing to those who are willing to let go of things in their life which are being taken away by circumstances. This gift is that of universal knowledge. It is a great psychic gift, the gift of knowing your true place in the universe and of understanding of the fabric of life here on earth. This great understanding will serve you well throughout the rest of your life.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, it just represents what area or on whom your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♠, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Birth Card's Spread

The Six of Hearts as the Long Range Card

The 6♥ is a symbol of stability and perhaps monotony in love and affections. For those who seek a secure foundation in love this could be a welcome situation, though there will likely be compromises and lessons. At the same time, the karmic nature of the six indicates the possibility of relationships that are in some way paying off old debts, even from past lives. If a significant new relationship does enter your life this year, you can bet that this will bring with it the balancing of the karmic scales in terms of love and affection. This year will show you the value of giving as you 'reap what you sow' in the areas of love.

Whatever the specific nature of the events in your relationships this year, it is sure that what you will be experiencing will help you to develop an appreciation for being responsible for yourself as far as your romantic and friendship connections are concerned. Remember the words of The Beatles song,

"And in the end, the love we take, is equal to the love we make."

Keywords:

I learn about responsibility in love and how to make compromises to maintain balance in my closest relationships. I open myself up to discovering a special and higher purpose for my life's work.

Your Pluto and Result Cards This Year In Your Birth Card's Spread

The Eight of Spades as the Pluto Card

This year you have put before yourself a big challenge. This challenge may be related to work or health or just to having more strength of will in general. Whatever the case, you will have to make some positive changes in your life in order to achieve this goal and it will not always be easy.

Perhaps your health hasn't been what you would like it to be lately and you want to begin a program of exercise and good diet to get back your strong constitution. Or perhaps you want more success in your work, perhaps even a promotion to a higher level of responsibility. Whatever your specific goals are for this year, inner power and determination are absolute requirements for your success. Your Result Card will further describe this power you seek or point to someone who is closely associated with it.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

Affirmation:

I create radiant health and success in my work through harnessing my unlimited will power and aligning my will with the will of the universe.

The Four of Spades as the Result Card

As the 'Four of Fours', the Four of Spades card tells us that you will end this year in a much more solid and stabilized state, either related to your health, work or living situation. The changes you are making, represented by your Pluto Card, tell us why you are wanting this stability or who it may be associated with. Rest assured that though the changes may at times seem difficult, you will succeed in accomplishing the stability and freedom from problems that you desire.

No matter just how challenging your Pluto Card may be this year, this card guarantees that everything will come to a happy and satisfactory conclusion and that you will end up this year feeling sound and secure in most every department of your life.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Affirmation:

I create stability, security, and satisfaction in my life, health, and work. I create a foundation for myself that nurtures me.

Your 52-Day Mercury Planetary Period Cards In Your Birth Card's Spread

Begins on 11/20/2024 and ends 1/12/2025

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Ten of Hearts in the Mercury Period

This influence will bring sudden social success among some group of people or success in areas dealing with communication, publishing, and speaking. This could mean a party, such as a birthday party, or some other gathering where there are lots of people for you to impress with your wit and charm. This influence can be applied for business or financial success by scheduling advertising or promotions while this card is present.

Vertical

The Eight of Clubs in the Mercury Period

This card represents a rapid gaining of knowledge or power, or a rapid development of a situation you have been approaching. This could be a rapid education or a sudden opportunity to teach or speak or to acquire an education. This influence is one of overcoming any obstacles to success or current problems, especially related to communication. Success involving groups of people is also highlighted, as in teaching, speaking or writing.

This is such a powerful and stabilizing influence that it will produce very good results during this period, even if your other Mercury Card is one of challenge or adversity..

The Auspicious Cycles and Event This Year In Your Birth Card's Spread

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread or one of your Ruling Card spreads. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it and are seeking a deeper direction for their life's work. This influence is most favorable when the Six is the Long Range, Environment or Result (Cosmic Reward) Card. If it is the Pluto or Displacement Card, it will require more of your energy and attention to manifest itself. You will need to be conscious about asking for this direction and keep that in the forefront of your mind throughout the year. In the other placements, it will just more or less come to you.

Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals. This information, this knowing which direction you should go, is something that you cannot make happen. It will just occur to you. So, your only job is to stay tuned and listen. Your inner voice will affirm it when it appears in front of you. Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

The Long Range Card for your Current Seven Year Period

Your Current 7-Year Period began on: 11/20/2019

And ends on: 11/20/2026

The Ten of Diamonds as Your Seven Year Long Range Card

This 7-year period you will be thinking about money a great deal. There are likely to be a large sums of money that you are having to deal with or be focused upon. However, this card doesn't guarantee that you will actually earn or get a large sum of money, even though that is one of the possibilities. You may be involved in some sort of affair where there is a large sum to deal with but it may not necessarily be yours. This could be related to an estate, your work, a divorce or any number of other reasons. In some cases this card does indicate much money being made. You can have a look at your yearly spreads in this period for clues as to which it is. And remember, it can be both.

As good as the 10♦ is as a money card, in this position it is no guarantee you will actually come into a large sum of money yourself. The possibility is definitely there but depends on many other factors. If however you are somehow positioned yourself to be able to make or receive a large sum, the chances are much better. The 10♦ is most everyone's dream come true, like winning the lottery. But having it in the Long Range position just tells us that a great deal of your attention is being put upon making more money or dealing with a large sum of money, and that does not guarantee that it the money is actually yours.

Keywords:

A 7-year cycle of dealing with large sums of money or the concept of large sums of money.

About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, it just represents what area or on whom your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♠, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Planetary Ruling Card's Spread

The Six of Diamonds as the Long Range Card

The 6♦ is a very steadying influence and when it shows up as the Long Range card this influence extends strongly for an entire year. This can be good if you are in good financial shape when the year begins because this card will tend to sustain whatever conditions were in effect when the year began, but it can be difficult if you enter the year lacking financially in some way. You could find yourself in a financial rut this year, struggling to get ahead and constantly beset with unpaid bills that sap your accounts.

This powerful 'karma card' insures that any imbalances in your financial picture will be evened out during this year. This may mean you pay off existing debts or you are repaid money you loaned earlier. It is wise to be totally responsible under this influence as dishonest dealings are likely to receive immediate payback. On the other hand, if you recognize the inherent potential in this powerful card, you could get well ahead by always doing more than you were paid for in all your business and financial dealings. This is surely going to bring you additional returns, especially under the karmic money card. As you sow, so shall you reap.

In any event, many of your experiences this year will prove to demonstrate the need for personal integrity and responsibility in all of your financial concerns.

In another vein, this card can mark a year in which you find a deeper purpose for your life and work. Any six in such a prominent position can signal a time when we discover something that we are fated to do. In this case, it would involve helping others to find a more meaningful set of values to base their life upon.

Keywords:

A year of focus on financial responsibility, balancing of accounts and compromise for balance in financial affairs. I open myself up to discovering a special and higher purpose for my life's work.

Your Pluto and Result Cards This Year In Your Planetary Ruling Card's Spread

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Seven of Spades as the Pluto Card

This powerful spiritual card will insist that you take an honest look at your work and health habits and root out any that are negative and creating negative results in your life. For this reason, this card is often associated with work and health problems. Obviously you are ready to make some changes in your life to attain better health and lifestyle.

The Seven of Spades is one of the most powerful spiritual influences, which can also mean having the most problems on the material and mundane levels. If you have been harboring negative attitudes or patterns about your work or health, this powerful influence will cause you to face them squarely and experience, more than ever, the consequences of having them. Now, more than ever, you are the captain of your fate. To have the success you want in work and health though, you will have to make some changes in your behavior and in your whole approach to these areas.

The Seven of Spades is called the 'card of faith'. Success with this card requires rising to a new level of living that is beyond our normal fears and concerns. For those involved in spiritual work, this influence challenges you to move towards more success and make progress towards your work and personal goals. Your Result Card will either tell more about this challenge or point to a person with whom you need to adopt a more positive, unattached attitude.

Affirmation:

I am tapping into the source of God energy and transforming all the negativity in my life into fearlessness and appreciation. I am living faith.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

The Six of Hearts as the Result Card

At this time in your life, the challenges you face will have a lot to do with showing you the results of your past actions among those who are and have been closest to you. This karmic influence tells us that you will be taught much about the law of love. 'As you sow, so shall you reap' captures it in a nutshell. There may be one or more relationships where affectional debts from the past are settled. The Pluto Card may be the birth card of one of these people.

This card can also bring you a special gift by your next birthday. You could discover, by turning your attention within, to a special purpose for your life, one that involves loving others in a specific way. This purpose could transform your life, giving it more meaningful direction.

Affirmation:

By listening to my inner voice, I find my special purpose in life that will direct me to the highest occupation. I strengthen my sense of responsibility in all relationship and romantic matters.

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Five of Spades in the Mercury Period

This period could bring a sudden or unexpected move of your home or business to a new location. You might also experience a sudden change of health, either for better or worse. A change of employment or business methods is another possibility, even a new job. You may be feeling very restless now and this might be the cause of some of the changes during this period. You will gravitate more towards versatility in your work.

Vertical

The Nine of Clubs in the Mercury Period

At this time there could be something disappointing, or some bad news that arises suddenly and passes away just as quickly. This could be a sudden antagonism to your wishes or plans by another. There will be some sudden and unexpected disappointment but it will pass quickly. This influence could also represent a sudden interruption in your education, perhaps because of a family member.

Your other Mercury Card may tell you what thing or relationship in your life that is coming to an end during this period. Nines usually mean that a cycle of life is coming to an end. Whether we feel like we are graduating or are disappointed because of the loss is entirely up to us."

Most of your friendships will be going smoothly now and the only possible negative aspect of this influence is a tendency towards mental stubbornness and fixedness.

This is such a powerful and stabilizing influence that it will produce very good results during this period, even if your other Venus Card is one of challenge or adversity.

Vertical

The Three of Hearts in the Venus Period

You may find yourself with two lovers or close friends at once, resulting in indecision about where to invest your time or open up your heart. Your own popularity and perhaps emotional indecision may get you into trouble now so take care. If your loved ones seem unstable now they may only be a reflection of yourself. Perhaps your indecision has gotten you into this predicament. Maybe it would be better to just learn from this experience and make commitments later.

Begins on 3/5/2025 and ends 4/26/2025

About the Mars Period Cards

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

Direct

The Nine of Diamonds in the Mars Period

This influence brings a loss of money on speculation, legal matters, or in connection with a man. Aggressive business activities and speculation are not favored at this time and can bring losses. Be extra careful in what you do and say. Though you will be attracted to speculation and gambling during this period your best returns come from long term investments. This can also represent difficulties in collecting inheritance or in a tax or insurance matter.

Look to your other Mars Card to find out what or who is involved in the challenges or endings that may arise during this period. Also keep in mind that a positive card, such as a four, eight or ten, would tell you that regardless of the challenges present, you are likely to have a happy and productive outcome to the situations that present themselves during this 52-day period.

Vertical

The Five of Clubs in the Mars Period

Your own change-ability may be a bit out of control during this period. This could precipitate arguments with some male that could force some unwanted changes. Use it to heal yourself and others. By applying self-control you can conquer many problems during this period. This card also brings success in any of the mind-related fields such as publishing or teaching if one is ready to work hard to get it.

The Ace of Clubs in the Saturn Period

This period may bring an unwelcome letter or news, perhaps from or about a sick person. Unfulfilled desires for knowledge or unrealized goals are also possible now. Projects, plans or ideas that begin now will be challenging and require more work than imagined. About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

The Queen of Clubs in the Uranus Period

This is a very psychic and creative influence that bestows much success in almost any field where mind power, creativity and intuition can be applied. Many ideas and bits of information will just seem to appear in your mind and many of these could be very helpful in your work or personal life. You may seem more impatient than usual and should be careful while driving. But in general, this will be a productive and delightful period of mental success.

Any women of the Clubs suit may seem to be somewhat unpredictable during this period, and to a lesser extent, for the entire year. To insure success in your relationships with them, it would be best to just step back and allow them to do or be whatever they need to. A good friendship comes from unconditional love and acceptance.

Vertical

The Queen of Hearts in the Uranus Period

This influence can bring an unexpected or unusual marriage or romantic encounter. Kinky sex is also indicated. Your romantic or marriage partner may seem a bit unpredictable now. This is the time to allow some freedom in your personal relationships and to let go of attachments. Perhaps you need a little space yourself. You can access high levels of being together if you give each other plenty of breathing room and the freedom to be yourselves. Create some space.

Your 52-Day Neptune Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 9/29/2025 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Queen of Hearts in the Neptune Period

This period is likely to bring a very romantic and idealistic intimate encounter. Sometimes it can bring a secret lover. However, all your personal relationships seem to take on a romantic glow that fulfills all of your dreams. You have been dreaming about marriage this year and now it may come true. If you are a female, you may also have been dreaming about having a child. Later you will find out if you really want what you were dreaming about. Wait till after your birthday to make commitments or decisions.

Any women of the Hearts suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore, it is best not to make any important decisions related to them until after your next birthday.

BOOK OF DESTINY

The Auspicious Cycles and Event This Year In Your Planetary Ruling Card's Spread

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread or one of your Ruling Card spreads. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it and are seeking a deeper direction for their life's work. This influence is most favorable when the Six is the Long Range, Environment or Result (Cosmic Reward) Card. If it is the Pluto or Displacement Card, it will require more of your energy and attention to manifest itself. You will need to be conscious about asking for this direction and keep that in the forefront of your mind throughout the year. In the other placements, it will just more or less come to you.

Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals. This information, this knowing which direction you should go, is something that you cannot make happen. It will just occur to you. So, your only job is to stay tuned and listen. Your inner voice will affirm it when it appears in front of you.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.
